

Crowns and Other Cosmetic Dentistry Available in Center Valley, PA

Residents of Center Valley can find high-quality cosmetic dental care at Center Valley Dental.

CENTER VALLEY, PENNSYLVANIA, UNITED STATES, November 30, 2022 /EINPresswire.com/ -- Center Valley residents looking for affordable dental crowns can find them at Center Valley Dental. Dr. Matthew Lang and his team of expert dentists offer high-quality dental crowns to anyone who wants to strengthen a damaged tooth.

CENTER VALLEY
DENTAL

Center Valley Dental offers dental crowns, dental implants, and more.

A dental crown is a covering placed over a tooth that may be broken or damaged from decay or trauma. Center Valley Dental uses digital CEREC technology to craft and place a custom crown in a single visit. Using 3D imaging, CEREC technology can make a crown that looks and feels like a patient's natural tooth.

“

CEREC technology can change a patient's smile and confidence in less than a day.”

Dr. Matthew Lang

“CEREC technology can change a patient's smile and confidence in less than a day,” says Dr. Lang. “In the past, patients may have had to have uncomfortable impressions

and then wait a month or more to see their crown brought to life. CEREC technology is more comfortable and convenient.”

In addition to dental crowns, [dental implants in Center Valley](#) are also available from Center Valley Dental. A dental implant uses a titanium screw to replace a missing tooth root. [General dentistry](#) services are also available from the Lehigh Valley dentist.
