Escaping Our Fallen Nature

"Escaping Our Fallen Nature" by David Piper is a compelling read. It is all about finding spirituality and serves as a guide to endure the storms of life. A metaphor that was used by author David Piper is relating the fall of a tree with decayed roots to a life that doesn't thrive, repeatedly coming back to old habits, the old nature.

Martha Custis, an Amazon customer and an avid reader of the book says "I found his manner of writing to be very balanced towards various points of view which is something not often found in spiritual or religious based texts." Truly, this book encourages and inspires readers how to redirect their lives for the betterment of themselves and the whole community.
