Connected Mining Global Market Report 2022 –  
Market Size, Trends, And Global Forecast 2022-2026

According to ‘Connected Mining Global Market Report 2022 – Market Size, Trends, And Global Forecast 2022-2026’ published by The Business Research Company, the [connected mining market size](#) is expected to grow from \$10.72 billion in 2021 to \$12.22 billion in 2022 at a compound annual growth rate (CAGR) of 13.9%. The Russia-Ukraine war disrupted the chances of global economic recovery from the COVID-19 pandemic, at least in the short term. The war between these two countries has led to economic sanctions on multiple countries, surge in commodity prices, and supply chain disruptions, effecting many markets across the globe. The connected mining market is expected to reach \$21.42 billion in 2026 at a compound annual growth rate (CAGR) of 15.1%. Increasing demand for digitalization is expected to propel
