

Clean Energy Holdings Announces Green Hydrogen Offtake Letter of Intent for Texas Project

Clean Energy Holdings Obtains a Letter of Intent for Offtake of 30,000 kg of Green Hydrogen per Day from its Clear Fork, TX Green Hydrogen Project

REDMOND, WASHINGTON, USA, December 1, 2022 /EINPresswire.com/ -- Clean Energy Holdings, LLC (CEH) announced today that it has signed a Letter of Intent for the sale of up to 30,000 kg per day of liquified green hydrogen to be produced in Phase I of the firm's Clear Fork Green Hydrogen Project in Texas. Formal business agreements are now under development. The Energy Advisory and Corporate Finance teams from ING Americas are providing advisory assistance to CEH.

CEH is working closely with Alliance partner, Chart Industries (Chart, NYSE:GTLS), for the technology needed to liquefy, store, and transport the project's Green Hydrogen to customers across the globe.

Cornelius Fitzgerald, President and Co-Founder of CEH said, "Offtake is a critical piece of the Green Hydrogen eco-system. Energy security and decarbonizing the transportation fuel sector are key drivers for this letter of intent. CEH and our owner representative, and program and construction management firm Bair Energy are excited

to bring this project one major step closer to success.”

Candice McGuire, Chairwoman of Bair Energy, added, “The Clear Fork Green Hydrogen production facility and full lifecycle transportation needs are being designed to, and will help establish, the highest quality assurance and safety standards for Green Hydrogen projects globally.”

ABOUT CLEAN ENERGY HOLDINGS

Clean Energy Holdings (CEH) is a renewable energy and technology platform focused on developing, owning, and operating leading edge, innovative and reliable renewable energy and low carbon facilities. CEH is a technology centric platform and, with our Alliance Partners, provides turnkey solutions for innovative projects like Clear Fork Green Hydrogen, the second Green Hydrogen project brought forward by CEH. Further, the CEH projects have been carefully selected to lead various State and Regional initiatives aimed to bring cost effective Green Hydrogen fuel to transportation corridors as well as industrial clients.
