GUWAHATI, ASSAM, INDIA, December 1, 2022 /EINPresswire.com/ -- [Vantage Circle](#), a Guwahati-based global leading employee engagement platform, has been actively observing a month-long campaign to acknowledge a noble cause in the form of 'No Shave November.'

“

In our attempt to contribute towards the cause of cancer, we are collaborating with Dr. B Borooah Cancer Institute where we would be contributing an amount to the cancer care fund”

Anjan Pathak, Co-Founder and CTO of Vantage Circle

'No-Shave November' is defined as a month-long journey where men avoid shaving and grooming to increase cancer awareness and discussion about cancer. It means embracing the hair lost by many cancer patients during their chemotherapy treatment and allowing this hair to grow wild and free.

With the immense surge of cancer today, Vantage Circle and its employees voluntarily raised a fund to help the people fighting CANCER by contributing to B.Borooah Cancer Society Trust's Patient Care Fund.

As a part of this initiative, raising awareness regarding cancer and showing solidarity towards those who are impacted because of this. Vantage Circle encouraged its male employees to grow their beards and mustaches by putting down their razors for 30 days and the Women employees to participate by letting their legs go natural and avoiding that waxing appointment for the month of November and to donate their monthly grooming and beauty maintenance expenses to the cause of cancer patients.
