“

By adding these two devices to our practice, patients will receive the best minimally invasive skin care treatments administered by trained practitioners dedicated to superior patient outcomes”

*Kelly Sasaki, Owner*

owned and led by [Kelly Sasaki](#), has added two new cutting-edge devices and a wide variety of laser-related treatments to its robust Medical Spa offerings. These new additions to the practice include the Rohrer Aesthetics' Spectrum Multi-Platform Work Station and the PicoLazer Device. Utilizing these innovative, award-winning devices, our experienced practitioners will provide our patients with advanced minimally invasive skincare and unsurpassed outcomes.

The Spectrum Multi-Platform Work Station includes 4-lasers and an IPL. This multi-platform system offers patients the latest in effective laser hair removal, for both

small and large areas, with an 810-Diode Laser and built-in contact cooling for superior patient comfort. The system also provides an advanced filter system that allows us to offer patients Intense Pulsed Light (IPL) treatments and a Long-Pulsed Yag Laser which treat a host of skin ailments including acne, vascular and pigmented lesions, red and brown spots, spider veins, and more. Additionally, the system's Erbium Yag Laser allows us offer safe, effective skin resurfacing procedures like laser peels for the face, neck, chest and hands, as well as modern photo facials used to eliminate surface pigmentation and minimize fine lines and wrinkles.

The PicoLazer Device provides safe, effective, fast [tattoo removal](#) using advanced pico technology to target the pigment in tattoo ink, resulting in upwards of 30% more ink clearance than standard nano technology. The PicoLazer also allows for more comfort with minimal downtime for patients compared to other tattoo removal devices. However, the device offers more than just tattoo removal, allowing us to also revitalize skin and treat benign skin discoloration conditions such as pigmented lesions, acne scars, freckles, and sunspots.

“Kauai Aesthetics has always been dedicated to helping patients look and feel their best,” said

Kelly Sasaki, Owner. "By adding these two devices to our practice, patients will receive the best minimally invasive skin care treatments on the market today administered by trained practitioners dedicated to superior patient outcomes."

#### About Rohrer Aesthetics, Inc.:

Rohrer Aesthetics offers 11 devices in their aesthetic portfolio, addressing nearly every non-invasive aesthetic need in the marketplace. Mark Rohrer, Founder and President of Rohrer Aesthetics, has built the company on three pillars: Gold-Standard Devices, Service Excellence and Immersive and on-going Training. Since 2014, Rohrer has placed thousands of devices and continues to service over 3,500 customers in the United States. Rohrer Aesthetics is one of the fastest growing aesthetic medical device companies in the industry. Rohrer differentiates itself with its ever-expanding Clinical Education Division that adds value to each of Rohrer's customers, long after the placement of the first device. The true validation of success lies in the fact that almost half of Rohrer customers continue to purchase additional Rohrer devices as their businesses grow.
