Life And Health Reinsurance Global Market Report
2022: Market Size, Trends, And Forecast To 2026

The Business Research Company's "Life And Health Reinsurance Market Report 2022" forecasts the life and health reinsurance market to reach a value of \$402.57 billion in 2022 at a compound annual growth rate (CAGR) of 10.9%. The Russia-Ukraine war disrupted the chances of global economic recovery from the COVID-19 pandemic, at least in the short term. The war between these two countries has led to economic sanctions on multiple countries, surge in commodity prices, and supply chain disruptions, effecting many markets across the globe. The life and health reinsurance market is expected to grow to \$554.77 billion in 2026 at a CAGR of 8.3%.

[Life And Health Reinsurance Market Trends](#)

The increasing demand for artificial intelligence in life and health reinsurance is an emerging trend in the life and health reinsurance market. According to Reinsurance News, Swiss Re is partnering with Tencent's WeBank to research artificial intelligence use in reinsurance. Swiss Re and WeBank will work collaboratively to explore the technology involved in addressing the challenges imposed by data silos. Swiss Re is expecting the partnership to build a foundation for a new business supported by federated learning and will also encourage the reinsurance industry to adopt a new framework to improve technological capabilities.

[Life And Health Reinsurance Market Overview](#)

The life and health reinsurance market consists of sales of reinsurance by entities (organizations, sole traders, and partnerships) that are engaged in assuming all or part of the risk of existing life and health insurance policies originally underwritten by other insurance providers (direct insurance carriers). Only goods and services traded between entities or sold to end consumers are included.
