### Segmental Analysis:

Anti-Diarrheal Drugs Market Segment Analysis-By Drug Class: The Antimotility Drugs segment is anticipated to have the largest share of the market in 2021 and is poised to dominate the market during the forecast period 2022-2027. Antimotility Drugs can be further segmented into Codeine, Loperamide, and Diphenoxylate. The Intestinal Flora Modifiers segment is projected to grow the fastest at a CAGR of 4.7% owing to the rising consumption of probiotic drinks. They work by supplying beneficial bacteria such as lactobacillus to the GI tract while suppressing the growth of diarrhea-causing bacteria.

Anti-Diarrheal Drugs Market Segment Analysis-By End User: The Children segment accounted for the largest share of the market in 2021. According to the Centers for Disease Control (CDC), Diarrheal diseases were responsible for around 1 in 9 child deaths worldwide, making diarrhea the second leading cause of death among children under the age of 5. This is contributing to the growth of the segment as Anti-Diarrheal drugs can help reduce the risk of severe dehydration among patients. However, the adult segment is also anticipated to witness a rapid CAGR of 4.9% during the forecast period 2021-2026 owing to the increase in the prevalence of traveler's diarrhea.

Anti-Diarrheal Drugs Market Segment Analysis-By Geography: The North American segment is projected to dominate the Anti-Diarrheal Drugs market during the forecast period 2022-2027 with a market share of 34% owing to the presence of highly developed healthcare infrastructure, rising patient awareness levels, the high adoption rate of anti-diarrheal drugs, and growing prevalence of Celiac Disease in the US and Canada. Moreover, the lack of adequate hygiene and sanitation procedures has increased the prevalence of food poisoning cases in major emerging economies such as China and India. This is increasing the demand for anti-diarrheal medication in the region.

### Competitive Landscape:

The top 5 players in the Anti-Diarrheal Drugs industry are -

1. GlaxoSmithKline

- 2. Proctor & Gamble
- 3. Pfizer
- 4. Actelion
- 5. Perrigo
