

NESCO® Announces All New Sous Vide Cooker and 7-Tray Stainless Steel Digital Dehydrator

Award-winning lineup of home kitchen products enhance and redefine the cooking process

TWO RIVERS, WI, UNITED STATES,
December 5, 2022 /EINPresswire.com/

-- NESCO, award-winning Midwest kitchen and home appliance brand, adds to its versatile lineup of products with the all new Sous Vide Cooker and 7-Tray Stainless Steel Digital Dehydrator. Known as the originator of the roaster oven, a staple in kitchens

for generations, NESCO has expanded to offer much more, including small kitchen appliances with stylish designs trusted for performance, relied upon for durability and endeared for savory results.

"With the launch of the Sous Vide and Stainless Steel Digital Dehydrator, we're continuing our mission to make cooking easier and more enjoyable," said Dan Kuenzi, Senior Vice President of Sales and Marketing at The Metal Ware Corporation. "Food is one of the greatest connectors in life—bringing people together from all backgrounds. With a deep history rooted in providing durable and trusted kitchen appliances, we're confident the new NESCO products will continue to bring joy through the art of food and food prep to kitchens everywhere."

Sous Vide cooking is a consistent and precise method of cooking that delivers restaurant-quality results. The process of vacuum-sealing food, then cooking it to a precise temperature in a water bath locks in flavor and moisture for exceptional texture and taste.

NESCO Sous Vide Cooker (MSRP: \$104.99)

Notable Features:

- Illuminated LCD display with sensor touch control

- Temperature range: 95°F - 203°F
- Auto recipe programs for meat, fish, chicken, and vegetables
- Waterproof circulator with 360° rotating container clip
- 1000 Watts

Whether dehydrating jerky, herbs, fruits or vegetables, the NESCO 7-Tray Stainless Steel Digital Dehydrator can accommodate your needs. It includes a temperature control panel and digital time display that allows for precise dehydrating. The centrally located fan provides even heat distribution during quiet operation. Its large viewing window and interior light allow the user to easily view the inside of the dehydrator. The all-metal interior and stainless steel cabinet allow for easy cleanup.

NESCO 7-Tray Stainless Steel Digital Dehydrator (MSRP: \$169.99)

Notable Features:

- Seven mesh steel trays that are easily removable
- Adjustable time (1-24 hours) and temperature (90-160°F) controls
- Includes one plastic mesh sheet for small items like herbs and one plastic drip tray that doubles as a fruit roll sheet
- 600 watts of drying power
