

New company in Texas offering loans for 80% less

AUSTIN, TX, UNITED STATES, December 2, 2022 /EINPresswire.com/ -- Sometimes the stress of buying a car can ruin the entire experience. More often than not, aspiring car owners rush to the bank to sign predatory loans designed to trap anxious car buyers in debt. This creates a vicious cycle of borrowing that most people can't keep up with.

A new company is making noise, giving power back to the people. savings.club looks to finally put an end to predatory loan debt by offering flexible car financing options, regardless of past credit history. Joining savings.club gives members true borrowing power, a fresh financial beginning and the ability to save tens and thousands of dollars.

The company also charges historically low rates. Their EAPR never exceeds 9.9%. Even in the ever-changing financial landscape, the company stays firm on its financial promises to its customers.

With several months of successful beta testing in the books, savings.club is here to offer Texans a better way to

Up To 80% Lower

Comparrison

buy a car. With no down payments or credit checks required, this is a brand new way of financing U.S. Members. The all-digital platform lets members pay, track and communicate, all in-app.

About savings.club

savings.club is smart funding for smart people. With planning and patience, anyone can get the car they want. The company gives members all the tools they need to buy a car without taking a hefty loan from the bank.
