What are the major market drivers in the employment screening services market?

The escalating demand for employment screening services in small and medium-scale enterprises (SMEs) for faster management procedures and effectiveness in the hiring process represents one of the major factors augmenting the market growth. It can also be attributed to the rising number of thefts, abuse, criminal activity, and workplace violence in organizations. In addition, the increasing number of startups and the growing demand for remote working solutions is driving the market around the world. Apart from this, these services are widely employed in the educational and government sectors to ensure a safe environment, which, in turn, is propelling the growth of the market.
