

# Pivo Announces Launch of Pivo Max: The Most Powerful Motion Tracking Mount for Smartphones, Tablets, and Cameras

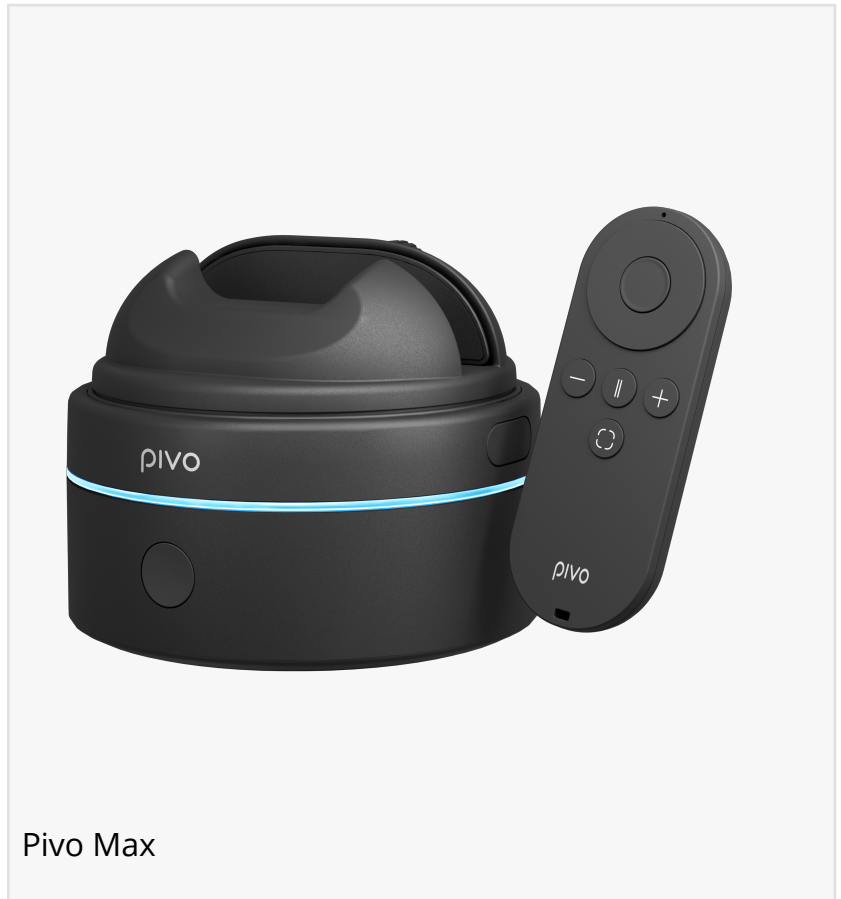

*CES Innovation Award Honoree Pivo Max Takes Content Creation to A New Level*

LOS ANGELES, CA, UNITED STATES, December 5, 2022 /EINPresswire.com/ -- [Pivo, Inc.](#), has announced the launch of the new Pivo Max, Pivo's next-generation smartphone tracking mount. Named a [CES 2023 Innovation Award](#) Honoree for its notable design and advanced functionality, Pivo Max will be showcased at CES Booth #54525, January 5-8 in Las Vegas.

Pivo provides a full range of AI-powered motion-tracking [smartphone mounts](#), accessories, and apps, to help people create better content. Noting the limited capabilities of most motion-tracking smartphone mounts currently offered to consumers, Pivo has created a much more powerful and versatile content creator tool compatible with smartphones, tablets, and cameras.

Pivo Max is the next generation of Pivo's incredibly popular smartphone mounts that are currently being sold in over 150 countries. Pivo Max is an AI tracking device that provides greater stability than the original Pivo Pod. Now users can enjoy all the same great features as the Pivo Pod but with even more advanced features and applications.

Pivo Max enables content creators, live streamers, equestrians, instructors, and working professionals to maximize their experience with a new design, smoother rotation, and a larger payload. Pivo Max allows content creators to use tablets, and cameras as well as smartphones to bring their creative ideas to life.

Pivo Max

“Pivo Max takes creative content to an entirely new level,” exclaimed Pivo CEO, Ken Kim. “Content creators are no longer limited to using only a smartphone to make their videos come to life. With the Pivo Max, they can use tablets and cameras as well.”

Continued Kim: “With its larger payload capacity and smoother rotation, the Pivo Max is a powerful tool that will help everyone create better.”

Notable Product Features:

- Holds smartphone, tablet, or camera
- Smoother rotation
- Powerful and stable
- 360-degree face, body, and horse tracking
- Rotation speed modes: slower, slow, normal, fast, frenzy, turbo
- Battery life 10-12 hours
- Interactive LED

“

Content creators are no longer limited to using only a smartphone to make their videos come to life. With the Pivo Max, they can use tablets and cameras as well.”

*Ken Kim, CEO*
