

# Mini Dental Implant Centers of America in Union City Launches New and Improved Website

*Mini Dental Implant Centers of America in Union City is thrilled to announce the launch of their new and improved website at [www.unioncityminidentalimplants.com](http://www.unioncityminidentalimplants.com)*

UNION CITY, NEW JERSEY , UNITED STATES , December 5, 2022

/EINPresswire.com/ -- In an effort to improve user experience, the dental clinic's website recently underwent a complete and comprehensive overhaul to enhance the availability of useful, relevant information while opening a direct line of communication by including features and functionality that keep up with today's web technology.

Diana-Rodriguez, DMD & Samuel Lemieux, DMD

One of the key stand-out features included on the new site is a professional, real-time chat service that allows new and existing patients to speak to a live, qualified assistant 24/7, answering questions, scheduling and confirming consultations, and providing support. Through the new website, patients can complete all intake forms before arriving at appointments streamlining the check-in process and getting patients in the dental chair as quickly and easily as possible.

“

If you suffer from missing teeth or poorly fitting dentures, mini dental implants may be your solution. Arrange a free consultation to restore your self-confidence in as little as one office visit!”

*Dr. Diana Rodriguez, DMD*

They have also harnessed the power of social media by utilizing all the major platforms in a way that works in tandem with the website. Specifically, by creating an extensive video library on the website that can also be

viewed on the practice's new YouTube channel, users can find answers to just about every question related to dentistry in both English and Spanish.
