

Big news: Wibit Peakz earns IAAPA Best New Product Brass Ring Award

In partnership for nearly two decades, CRS and Wibit Sports are sure to cause a stir in the U.S. leisure and tourism market.

VERONA, WISCONSIN, UNITED STATES, December 7, 2022 /EINPresswire.com/ -- Commercial Recreation Specialists congratulates [Wibit Sports](#) as its exclusive open-water distributor in the U.S.

Wibit Sports GmbH, proudly accepted the award for the Best New Product Concept (Major Ride or Water Park Ride) on November 16th at the 2022 [IAAPA](#) Expo for its innovative new product line; Wibit Peakz. Inspired by high-rope treetop courses, Wibit Peakz is a revolutionary new attraction that tests balance, agility, and speed as guests traverse between the elevated bridges and Peakz platforms.

A unique benefit which warrants Peakz this award, is that the water below serves as the safe landing instead of harnesses and cables. Each Wibit Peakz Aqua Park is made up of a combination of bridges and one-, two-, or three-meter-high platforms with a variety of difficulty levels to excite and challenge guests of all ages and abilities. Peakz also offers optimal visitor flow without long queues, which is ensured through three modular configurations. The thrill of making it across is matched with the fun of falling off and trying again.

“Wibit expands the thrill of water play beyond the surface & the elevated Peakz experience is going to enhance waterfronts everywhere in 2023...this is truly innovative!” - Ron Romens, CRS President & Inventor of the Floating Trampoline.
