#### ABOUT BLACKHAWK DATA

BlackHawk Data is a New York City-based managed services provider dedicated to diversity and inclusion. CEO Maryann Pagano co-founded BlackHawk Data because she wanted to create a space in IT where women are welcome. In previous positions, Maryann felt that as a woman in technology she was not given the same opportunities as her male peers. BlackHawk Data is committed to helping everyone pursue their IT goals, practicing inclusion in their own office, and working hard to partner with vendors who share this commitment to diversity. BlackHawk Data's goal is to empower other diverse businesses and leaders by helping them develop the skills they need to operate, sustain and grow their businesses successfully.
