Dry Milling Global Market Report 2022 – Market Size, Trends, And Global Forecast 2022-2026

According to 'Dry Milling Global Market Report 2022 – Market Size, Trends, And Global Forecast 2022-2026' published by The Business Research Company, the [dry milling market size](#) is expected to grow from \$ 89.30 billion in 2021 to \$ 95.89 billion in 2022 at a compound annual growth rate (CAGR) of 7.4%. The Russia-Ukraine war disrupted the chances of global economic recovery from the COVID-19 pandemic, at least in the short term. The war between these two countries has led to economic sanctions on multiple countries, surge in commodity prices, and supply chain disruptions, effecting many markets across the globe. The dry milling market is expected to grow to \$ 119.92 billion in 2026 at a CAGR of 5.7%. The rise in the consumption of corn flour-processed snacks and bakery products across the globe is expected

The dry milling global market consists of sales of dry milling products by entities (organizations, sole traders, and partnerships) that are used for producing maize-related products such as

cornflower for human consumption. When corn kernels are processed into flour or meal without the addition of any liquid, the process is known as dry milling. Dry milling is different from the other methods of milling as it includes the particle contact method of milling.

### Global Dry Milling Market Trends

Technological advancements have emerged as the key trend gaining popularity in the dry milling market. Major companies operating in the dry milling sector are focusing on developing new technologies to sustain their position in the market.

### Global Dry Milling Market Segments

The global dry milling market is segmented:

By Source: Yellow Corn, White Corn

By End Product: Ethanol, Dried Distillers Grain With Soluble (DDGS), Corn Grits, Corn Meal, Corn Flour, Other End Products

By Application: Fuel, Feed, Food

By Geography: The global dry milling market is segmented into North America, South America, Asia-Pacific, Eastern Europe, Western Europe, Middle East and Africa. Among these regions, Asia-Pacific accounts for the largest share.
