

The EASA Part 145 Human Factors & Safety Management System Combined Training with Voice Over is Available at SOL

A training course specifically focused on the needs of EASA Part 145 New Staff is available at Sofema Online

SOFIA, BULGARIA, December 8, 2022 /EINPresswire.com/ -- Sofema Online (SOL) www.sofemaonline.com is delighted to share that a training course specifically focused on the needs of EASA Part 145 New Staff is available:

[HF & SMS Combined Integrated Training](#)

Introducing the NEW Initial 145 HF & SMS Combined Training

- » This Course Integrates both Human Factor and Safety Management System Elements fully compliant with EASA GM2 145.A.30 (e) HF & SMS Training Requirements.
- » People are at the core of the aviation system and they need to be willing to engage with the organization's safety management system as well as to remain aware of the potential for human error-driven exposure at all times. People must strive to ensure they are able to deliver a strong human performance to protect both the person and the system.
- » Today 80% of Aircraft Accidents and Incidents are caused by Human Factor errors & there is a need to effectively consider human factors and manage human performance as a function of the development of the organization's "Safety Management System" (SMS) – to do so people need to address the risks and exposures, all threats need to be understood and mitigation put into place to address them.

Benefits of Completing the Sofema Online EASA Part 145 Human Factors & Safety Management System Combined Training with Voice-Over include:

- » The ability to demonstrate compliance with EASA GM2 145.A.30 (e) HF & SMS Requirements.

The advertisement features the Sofema Online logo (Virtual Aviation Academy) in the top left. A blue banner reads "new online training". The main text, in blue, says "EASA Part 145 Safety (SMS) & Human Factor (HF) Training (Initial) with VO". The background image shows a person in a dark suit holding a glowing orange hard hat, with a network of white nodes and lines overlaid on the scene.

The EASA Part 145 Human Factors & Safety Management System Combined Training with Voice Over is Available at SOL

- » In-depth understanding of basic Aviation Safety Concepts.
- » The ability to consider Human Factors knowledge and integrate it into key areas of aviation Safety Maintenance.
- » Demonstrating Regulatory compliance to the Regulatory Authority

To support the Quality Assurance oversight of the process SAS will provide FOC Guest access for the Nominated Assessor to validate SOL online training courses or to provide team viewer or similar access to classroom & webinar courses when it is required.

Question – Concerning Existing EASA Part 145 Staff who have already completed HF Initial Training (Sofema Online offers a solution for existing staff who require a bridging course – [available here](#))

SMS Bridging Course for Persons with Valid Initial HF Certification

- » This is the SMS element only of Sofema's newly developed course specifically designed to ensure the delegates cover in sufficient depth, every aspect related to the need to be able to demonstrate compliance with EASA GM2 145.A.30 (e) HF & SMS Training Requirements.
- » This course is intended as a bridging course for delegates who are able to satisfy the regulatory authority that they have completed the Human Factor Elements applicable to EASA Part 145 Staff.
- » Delegates will be able to achieve an in-depth understanding regarding basic Aviation Safety Concepts, in particular, to ensure adequate focus on the importance of Safety Behaviour integrated into normal working practices.
- » The course provides an opportunity to ensure an in-depth familiarization with all Organisational Safety System Elements and to be able to integrate this knowledge into key areas of CAMO Aviation Objectives.
- » Savings of up to 40% of the course fees are available with Multiple User Discounts:

2 to 4 courses/delegates – 10%

5 to 9 courses/delegates – 15%

10 to 24 courses/delegates – 20%
