

# CONCERT'O presents an alternative proposal for ORPEA

PARIS, FRANCE, December 9, 2022 /EINPresswire.com/ -- ORPEA's shareholders' concert puts forward an industrial and financial reorganization proposal designed to address the group's situation. Balancing the efforts of stakeholders, secured and unsecured creditors and shareholders, this concerted project is based on sensible operational proposals dedicated to the development of the group, its residents, patients and employees. This proposal, which receives positive responses from stakeholders, would be a direct mean to address the current complex legal context.

CONCERT'O, ORPEA's shareholders' concert, presents an alternative transformation plan to the one presented on 15 November 2022. This proposal intends to favor a conciliatory solution designed to preserve the future of the group and its social interest by notably offering ORPEA a path to remain financeable.
