

# Paint Thickeners Market: Global Industry Analysis, Size, Share, Trends and Forecast by 2028

---

*Rheology modifiers are used to achieve optimum efficiency in paint and coating systems by monitoring their stability, thixotropy, stain resistance.*

PUNE, MAHARASHTA, INDIA, December 9, 2022 /EINPresswire.com/ -- The [paint thickeners](#) market will expect to grow at a rate of 3.90% for the forecast period of 2021 to 2028. [Paint thickeners market](#) report analyses the growth, which is currently being growing due to the increasing need for efficiency in packaging.

Rheology modifiers used to achieve optimum efficiency in paint and coating systems by monitoring their stability, thixotropy, stain resistance, and sagging are paint thickeners. In order to obtain optimum flow behaviour, they are usually introduced before the dispersing stage. All major types of paint thickeners can be either grouped as organic or inorganic paint thickeners.

The growing adoption of new technological advancements in these thickeners, rising trend of painting the walls with new technologies, increasing growth of the industrial, transportation and textile sector across the globe, rising number of population, increasing levels of disposable income of the people along with improving consumer awareness among the consumer, surging levels of investment by the government and private sector on essential public infrastructure are some of the major as well as vital factors which will likely to augment the growth of the paint thickeners market in the projected timeframe of 2021-2028. On the other hand, rapid growth of the construction industry in various regions, increasing levels of investment in research and development activities while helps in the expansion of the industry along with growing demand for decorative paints for various aesthetic reasons which will further contribute by generating massive opportunities that will lead to the growth of the paint thickeners market in the above mentioned projected timeframe.

Volatility in the prices of raw material along with changing the geopolitical structure of various countries which will likely to act as market restraints factor for the growth of the paint thickeners

in the above mentioned projected timeframe. Rising concern regarding the side effects of thickeners along with poor rheological properties which will become the biggest and foremost challenge for the growth of the market.

## Competitive Landscape and Paint Thickeners Market Share Analysis

Paint thickeners market competitive landscape provides details by competitor. Details included are company overview, company financials, revenue generated, market potential, investment in research and development, new market initiatives, global presence, production sites and facilities, production capacities, company strengths and weaknesses, product launch, product width and breadth, application dominance. The above data points provided are only related to the companies' focus related to paint thickeners market.

The major players covered in the paint thickeners market report are BASF SE; Cargill, Incorporated.; Henkel Adhesives Technologies India Private Limited.; DuPont; Ingredion Incorporated; ADM; Eastman Chemical Company; Akzo Nobel N.V.; Ashland; CP Kelco U.S., Inc.; Celanese Corporation; PPG Industries, Inc.; The Lubrizol Corporation; Tate & Lyle; PQ Corporation; BYK-Chemie GmbH; The Sherwin-Williams Company; SAN NOPCO LIMITED; Clariant; Dow; among other domestic and global players. Market share data is available for global, North America, Europe, Asia-Pacific (APAC), Middle East and Africa (MEA) and South America separately. DBMR analysts understand competitive strengths and provide competitive analysis for each competitor separately.

This paint thickeners market report provides details of new recent developments, trade regulations, import export analysis, production analysis, value chain optimization, market share, impact of domestic and localised market players, analyses opportunities in terms of emerging revenue pockets, changes in market regulations, strategic market growth analysis, market size, category market growths, application niches and dominance, product approvals, product launches, geographical expansions, technological innovations in the market. To gain more info on paint thickeners market contact Data Bridge Market Research for an Analyst Brief, our team will help you take an informed market decision to achieve market growth.

## [Global Paint Thickeners Market](#) Scope and Market Size

Paint thickeners market is segmented on the basis of type, end-users and paint type. The growth amongst the different segments helps you in attaining the knowledge related to the different growth factors expected to be prevalent throughout the market and formulate different strategies to help identify core application areas and the difference in your target markets.

On the basis of type, the paint thickeners market is segmented into starch, xanthan gum,

carrageenan, guar gum, locust bean gum, gum Arabic, others.

Based on end-users, the paint thickeners market is segmented into building and construction, transportation, packaging, textile, industrial, and others.

On the basis of paint type, the paint thickeners market is segmented into water-based paint, oil based paint, and solvent-based paint.

The Geographical assessment of the Paint Thickeners market is:

North America (United States, Canada, North American countries and Mexico),

Europe (Germany, France, UK, Russia, and Italy),

Asia-Pacific (China, Japan and Korea, Asian nation, India and Southeast Asia),

South America (Brazil, Argentina, Republic of Colombia, etc.),

Middle East & Africa (Saudi Arabian Peninsula, UAE, Egypt, Nigeria, and South Africa)

About Data Bridge Market Research:

Data Bridge Market Research is a multinational management consulting firm with offices in India and Canada. As an innovative and neoteric market analysis and advisory company with unmatched durability levels and advanced approaches. We are committed to uncovering the best consumer prospects and fostering useful knowledge for your company to succeed in the market.

Data Bridge Market Research is a result of sheer wisdom and practice that was conceived and built-in Pune in the year 2015. The company came into existence from the healthcare department with far fewer employees intending to cover the whole market while providing the best class analysis. Later, the company widened its departments, as well as expanded its reach by opening a new office in the Gurugram location in the year 2018, where a team of highly qualified personnel joins hands for the growth of the company. "Even in the tough times of COVID-19 where the Virus slowed down everything around the world, the dedicated team of Data Bridge Market Research worked round the clock to provide quality and support to our client base, which also tells about the excellence in our sleeve."

We provide a variety of services such as market-verified industry reports, technology trend analysis, Formative market research, strategic consulting, vendor analysis, production and demand analysis, and consumer impact studies among many others.
