Founder of Kindbridge*

Providing clients and patients with a safe and confidential space for counseling and therapy has always been a top priority for Kindbridge. With the healthcare sector seeing an average 1426 attacks per week, a significant increase of 60% YoY, the company has pledged to keep ahead of the ever-advancing cyber-threats.

A strategic partnership with DruvStar is the key to achieving this goal.

DruvStar is heralded for its modern and comprehensive cybersecurity solutions and has considerable experience in the gaming and healthcare industries. DruvStar was the recipient of the 2021 Gaming and Leisure Partner of the Year Award, and the company is licensed in numerous gaming jurisdictions.

The partnership between the two companies includes assistance in both software development and live operations to ensure that Kindbridge can offer a secure and safe platform.

Manjit Gombra Singh, CEO and Founder of DruvStar, commented that “this partnership gets to the core of the mission for DruvStar, to provide premium cyber-defense for gaming and

healthcare service providers. Together, the two companies will ensure that Kindbridge technology is built and operated with the best industry practices in cybersecurity. Client, patient, and partner data will be safe on the Kindbridge platform."

Daniel Umfleet, CEO and Founder of Kindbridge said of the partnership, "DruvStar brings the added layer of security that we feel our clients deserve. We're pleased that as we grow, DruvStar can help us scale our tech with a world-class level of defense."
