NASHVILLE, TENNESSEE, UNITED STATES, December 12, 2022

/EINPresswire.com/ -- Born in Nashville and raised in a recording studio, Grammy winning multi-instrumentalist Yates McKendree grew up hearing and playing with many great musicians. Self-taught from the age 3, music came to him naturally. During Yates's formative years, he played on and engineered many recording projects; most notably for Delbert McClinton and John Hiatt, who stated in a Rolling Stone Magazine interview that "Yates was our secret ingredient." In January 2020, he earned a Grammy Award for his role as an engineer and a musician on Delbert McClinton's "Tall Dark & Handsome."

“

The one guy I can stand to listen to forever is Yates McKendree!”

Produced by his father, the multi-Grammy winning Kevin

McKendree, "Buchanan Lane" highlights Yates's skills, remarkable style and taste as a multi-

instrumentalist and vocalist with an emphasis on guitar playing the music he loves best: straight-up Traditional Blues. The LP also features some notable guest artists including keyboardist Kevin McKendree, bassists Steve Mackey and Greg Garner, drummers Kenneth Blevins and “Big Joe” Maher, horn maestro Jim Hoke and the vocal talents of the beloved McCrary Sisters, among others.

The global reaction to Yates’s talents by radio programmers, reviewers and blues lovers has been warm and receptive, with the LP charting in the #1 position on the Roots Music Report’s Blues, Classic Blues and Tennessee charts. In addition, the LP has earned nearly 500k spins on SoundCloud and 100k spins on Spotify in its first month after release.

“I have said Yates is proof of reincarnation, only a very old and experienced soul could make his kind of art. Yes, he’s been around plenty before, and he’s giving it to this world again, just getting started being timeless.” Gary Nicholson

“... his amazing grasp of finesse and stylistic subtleties ... and he possesses a lot of inflection in his young voice.” Dave Gallagher Talkin' the Blues
