Samuel Draper, CEO: "Being recognized as a silver winner in the Fastest-Growing Company of the Year - Small category in Best in Biz Awards for the second year in a row is a significant achievement for everyone in the company as it is an indicator that we are on the right track in our journey."

Since the program's inception in 2011, winners in Best in Biz Awards have been determined based on scoring from independent judging panels assembled each year from some of the most respected national and local newspapers, TV and radio outlets, and business, consumer, technology and trade publications in North America. Thanks to the impressive diversity of represented outlets and the unparalleled experience and expertise of the editors and reporters serving as judges, Best in Biz Awards judging panels are uniquely suited to objectively determine the best of the best from among the hundreds of competitive entries. The 2022 judging panel included, among others, writers from AdWeek, Computerworld, Forbes, The Globe & Mail, Inc., The Oregonian, and Portland Tribune.

The judges were impressed with the company's growth - both in terms of sales and revenue percentages and in the previous and current years.

They were particularly impressed the company was able to achieve that, despite the difficult supply chain landscape this year, and the many logistical issues facing companies in the space.

Best in Biz Awards 2022 honors were conferred in 100 different categories, including Company of the Year, Fastest-Growing Company, Most Innovative Company, Best Place to Work, Customer Service Department, Executive of the Year, Marketing Executive, Most Innovative Service, Enterprise Product, Best New Product, App, CSR Program, Environmental Program, Website and Film/Video of the Year.
