

Warm Touch – A CSR Initiative by Intense Technologies

Intense Technologies at the forefront in community service

HYDERABAD, TELANGANA, INDIA,
December 13, 2022 /

EINPresswire.com/ -- [Intense Technologies](#) has always been at the forefront of giving back to the community and working towards the greater cause. And this time, we have made our philanthropic efforts for the less fortunate people. With temperatures dropping in the country, and in our city, Hyderabad, we volunteered to do our bit for the needy and homeless this winter.

“No one has ever become poor by giving” – Anne Frank

And this is exactly what Intense stands for. Enthusiastic volunteers from across Hyderabad distributed blankets

to the poor and needy in the activity, ‘Warm Touch – A CSR Initiative’- a blanket distribution drive conducted on 2nd December 2022. The purpose of the drive was to identify and distribute blankets to the needy and underprivileged with an aim to reduce the inequities between the privileged and the underprivileged.

“

We believe, with a little effort, we can improve a lot of things around us.”

Mr. C.K. Shastri, Founder & MD, Intense Technologies

Leaders at the forefront

Spreading warmth, spreading cheer

Our leader, Mr. [CK Shastri](#) has always held community service above all, which inspires us to walk on the same path. We shall continue to work towards the betterment of society at every possible opportunity and bridge the gap between people and help the community grow with many more such Corporate Social Responsibility (CSR) activities at

Intense. We believe, with a little effort, we can improve a lot of things around us.

It is the season of sharing, and we at Intense believe that while we're sharing gifts, meals, and quality time with loved ones, it's important to look for opportunities to give back to our communities.

Intense Technologies offers a broad range of best-in-class [customer communications and digital experience](#) products for enterprises across the world. Using AI, low-code, and other advanced technologies, Intense's digital customer engagement solutions process billions of USD worth of client revenue data, help onboard more than 3 million customers per month, send more than 400 million notifications every day, and has a 500 million customer base across engagements.
