Some of the major players operating in the Egg Powder market are SKMEgg.com, Pulviver, Adriaan Goede BV, OVOSTAR UNION, Farm Pride., Interovo Egg Group BV, Ballas Egg., Derovo Group, Oskaloosa Foods, IGRECA, Bouwhuis Enthoven, Venkys India, SANOVO TECHNOLOGY

GROUP, Deb El Food Products LLC, Agroholding Avangard, wulro.com, Rembrandt Enterprises., Adriaan Goede BV, EUROVO Srl and Kewpie Corporation

Egg powder is similar to eggs in terms of nutritional content, which means it offers similar benefits, however is available in dehydrated form. Since egg powder is available in dehydrated form, it is highly convenient in handling as compared to regular eggs. Egg powder is high in protein, low in carbohydrate, fat and cholesterol and also generates low wastage. Egg powder is the best option for those look for low calorie and high protein diet. Powdered eggs are made using spray drying which is a similar process used in milk powder processing.

Rising demand for healthier, nutritional and low fat food is a major factor fostering the growth of egg powder market. Changing lifestyle, rising health consciousness and rising demand for the consumption of food and beverages as a result of ever-rising population and rising personal disposable income are some other factors acting as market growth determinants. Rising awareness regarding the benefits of egg powder over regular eggs such as extended shelf life will further induce growth in its market value. Rising demand for convenient functional food will further create lucrative growth opportunities for the egg powder market.

However, high costs involved in the production of egg powder will hamper the market growth rate. Also, the production of egg powder is a time consuming process. Lack of required infrastructural facilities in developing and under developing economies will further derail the market growth rate.
