

# GMSacha Inchi \$QEDN release its sales projections for 2023 to 2026 for a total of over \$775 Million USD

*GMSacha Inchi \$QEDN release its sales projections for 2023 to 2026 for a total of over \$775 Million USD. Based on the 5,000 hectares of Sacha Inchi planted*

MEDELLIN, ANTIOQUIA, COLOMBIA, December 13, 2022 /

EINPresswire.com/ -- The ministerio de Agricultura of Colombia released on December 6, 2022, the plan to grow 5,000 hectares of Sacha Inchi from 2023 to 2026. GMSacha Inchi \$QEDN has contracts with farmers totaling 307

Hectares for 2022. By 2023 the area will increase to 406 hectares, by 2024 the area will increase to 812 hectares, by 2025 the area will increase to 1,624 and by 2026 the area will increase to 3,248 out of the 5,000 hectares projected.

Companies that want to sell GMSacha Inchi products

“

GMSacha Inchi a new lifestyle for farmers and consumers”

*Nanny Katharina (Kate) Bahnsen*

GMSacha Inchi \$QEDN has secured enough Sacha Inchi seeds and has the capacity to produce GMSacha Inchi Beverages, snacks, premixes, and the pet lines. The projected sales for 2023 is at least \$51 million USD, for 2024 is \$103 Million USD, for 2025 is \$ 206 Million USD, and for 2026 is \$413 Million USD. For a total of \$775 Million in the next 4 years.

GMSacha Inchi \$QEDN was able to accomplish very important steps in 2022 to make sure that in 2023 GMSacha Inchi \$QEDN can sell its products in the USA and worldwide. These steps include:

1- GMSacha Inchi participated in Gulfood in Dubai in February 2022. During that event, we introduced our GMSacha Inchi beverage to companies like Panda in Saudi Arabia.

<https://panda.com.sa/en/>

We have been working with Panda to do a cobranding beverage made with Almond Beverages, a heavy creamery made with plant-based beverages, and GMSacha Inchi. The minimum volume is 79,000 liters of Almond Beverages, 79,000 liters of heavy creamery made with Almonds, and 20,000 GMSacha Inchi liters for 2023. This is a \$354,200 USD sale for 2023. GMSacha Inchi is working with Panda to close this order ASAP.

2- GMSacha Inchi \$QEDN participated in the Plant-Base summit in October 2022 and meet with 49 companies from the USA, Japan, and Canada. 29 of those companies want to have GMSacha Inchi products. These companies include UNFI, Associate Supermarket, University of California Santa Cruz, University of California Long Beach, Giant Eagle Marketplace, University of Waterloo, DPI Specialty Food, and Amazon. These companies received samples of our products and we are expecting to close these sales in 2023.

GMSacha Inchi \$QEDN emailed a proposal to Albertson to do a cobranding between Albertsons and GMSacha Inchi, we are waiting on the feedback from Alberston and closed this sale in 2023.

3- GMSacha Inchi \$QEDN participated in the Macrorueda in Houston on November 9 and 10. During that event GMSacha Inchi \$QEDN meet with Goya, Federated Group, HEB, and other companies. GMSacha Inchi \$QEDN provided samples and a quote to those companies and we are waiting on the feedback regarding those quotes.

4- GMSacha Inchi \$QEDN also visited the Port of Houston to establish relationships with import agents to be able to import our Product into the USA in 2023.

5- GMSacha Inchi \$QEDN has FDA and USDA approval to import GMSacha Inchi products into the USA.

GMSacha Inchi \$QEDN finish the batch in tetrapak of new flavors in 200 ml. Original, Vanilla-Banana and Mocha (Coffee-Chocolate)

GMSacha Inchi beverages finished the second batch pack in 200 ml

Projections of future sales	2023	2024	2025	2026	Total

GMSacha Inchi sales projections 2023-2026

6- GMSacha Inchi \$QEDN found one warehouse in Houston that can be rented that will hold the inventory necessary to drop-ship products to any client in the USA and supply Amazon prime.

7- Nasdaq and [New to the street](#) agreed to run commercials for GMSacha Inchi products in 2023 on major TV channels.

8- GMSacha Inchi \$QEDN run the second batch of our GMSacha Inchi beverages in 200 ml on December 7, 2022. This new batch has three more flavors natural, Vanilla-Banana, Mocha (Chocolate-Coffee). In total GMSacha Inchi has 4 flavors available. The samples will be shipped next week to our customers.

9- GMSacha Inchi \$QEDN has been able to acquire the rights to sell a beverage made with Almonds, Macadamia, and Hazelnuts under the GMSacha Inchi brand.

10 - GMSacha Inchi has also sent samples of new flavors to Nestle that will be reviewed by the new business development department and expect to have feedback in 2023.

11- GMSacha Inchi has been approved to sell to Carulla and Grupo Exito in Colombia [www.grupoexito.com](http://www.grupoexito.com)

GMSacha Inchi has developed the only beverage in the world with Omega 3,6,9 and a complete vegan protein with all 9 essential amino acids.

A safe harbor for forward-looking statements is provided by the Private Securities Litigation Reform Act of 1995 (Reform Act of 1995). The Reform Act of 1995 was adopted to encourage such forward-looking statements without the threat of litigation, provided those statements are identified as forward-looking and are accompanied by meaningful cautionary statements identifying important factors that could cause the actual results to differ materially from those projected in the statement. Forward-looking statements have been and will be made in written documents and oral presentations of QED Connect (GMS) and its subsidiaries. Such statements are based on management beliefs, as well as assumptions made by and information currently available to management. When used in this filing, the words believe, anticipate, endeavor, estimate, expect, objective, projection, forecast, goal, and similar expressions are intended to identify forward-looking statements. In addition to any assumptions and other factors referred to specifically in connection with such forward-looking statements, factors that could cause QED Connect (GMS) and its subsidiaries' actual results to differ materially from those contemplated in any forward-looking statements include, among others, the following:

Factors affecting utility operations such as unusual weather conditions; catastrophic weather-related damage; unusual maintenance or repairs; unanticipated changes to fossil fuel costs; unanticipated changes to gas supply costs, or availability due to higher demand, shortages, transportation problems or other developments; environmental or pipeline incidents; transmission or distribution incidents; unanticipated changes to electric energy supply costs, or availability due to demand, shortages, transmission problems or other developments; or electric

transmission or gas pipeline system constraints.

Increased competition in the energy environment including effects of industry restructuring and unbundling.

Regulatory factors such as unanticipated changes in rate-setting policies or procedures, recovery of investments and costs made under traditional regulation, and the frequency and timing of rate increases.

Financial or regulatory accounting principles or policies imposed by the Financial Accounting Standards Board; the Securities and Exchange Commission; the Federal Energy Regulatory Commission; state public
