According to 'Paint Rollers Global Market Report 2022 – Market Size, Trends, And Global Forecast 2022-2026' published by The Business Research Company, the paint roller market size is expected to grow from \$ 2.56 billion in 2021 to \$ 2.77 billion in 2022 at a compound annual growth rate (CAGR) of 8.1%. The rise in demand for commercial infrastructure development is expected to drive the demand for the paint roller market going forward. Commercial infrastructure development refers to the construction and improvement of foundational services to improve the quality of commercial properties such as malls, complexes, retail shops, and so on. Paint rollers are used in commercial properties to paint large

infrastructures as they can cover large spaces in less time as compared to traditional paint brushes.
