

Highlights from the Construction Links Network platform this week - December 15, 2022

Canada's ONLY content sharing platform for the construction, building and design community

SUNDRE, ALBERTA, CANADA,
December 15, 2022 /

EINPresswire.com/ -- Construction Links Network is a unique news platform where members "Get More Eyes" on their digital content and increasing their SEO.

The network includes thousands of Canadian construction managers, contractors, developers, building managers, property managers, architects, designers, engineers, government officials and more. Members use this platform to share and onboard their digital content on the Internet, through social media and our popular e-Newsletters. Ideal for product / service releases, company announcements, blogs, podcasts, webinars, case studies, videos and more.

[Top news](#) has Statistics Canada reporting that investment in building construction was steady in October at \$20.9 billion. The residential sector edged down 0.1% to \$15.4 billion, while the non-residential sector increased 0.9% to \$5.5 billion.

The [top video](#) is courtesy of Ledcor Group of Companies who demonstrate their award-winning Excavation Extraction Rescue System (EERS). Learn how EERS works and can be used to safely and expediently extract a worker from an excavation site in the event of an emergency.
