Vanguard Security and Compliance Conference

Knowledge is the best
defense"

Roxane Rosberg

VSC will promote the most current information through skillful instruction on cybersecurity threats, protection strategies, system configuration, and compliance in a proven format structured to provide a high-quality learning experience.

"Knowledge is the best defense", explains Roxane Rosberg, VP of Customer Relations & Conference. "As the mainframe industry continues to evolve, mainframe users need to continue their education and network with peers to stay agile and alert. Without opportunities like VSC, organizations will not be equipped to protect the IBM Z in today and tomorrow's threat landscape." Rosberg continues.

In addition to the instructor lectures, VSC will also feature a series of focused workshops and hands-on labs for the attendees to earn CPE credits.

VSC 2023 will take place at the Sonesta Executive Park in Charlotte, NC September 18-21, 2023.
