NEW YORK, NEW YORK , USA,
December 26, 2022 /

EINPresswire.com/ -- According to the Advocate, "We are part of a national initiative focused on educating people who had significant exposure to asbestos in the army, navy, air force, marines, coast guard or at work before 1982-who now have lung cancer-and we want people like this to get compensated. Financial compensation for a person like this might exceed \$100,000. To make certain the best possible compensation results happen for a person like this we have endorsed The Gori Law Firm. If the person we have just described sounds like you, or your loved one--please call The Gori Law Firm anytime at 866-532-2106.

"Most people who had routine-regular exposure to asbestos at work before 1982-and who then decades later develop lung cancer never get compensated because they are unaware the \$30 billion dollar-asbestos trust funds were set up for them too-not just people who develop mesothelioma. The reason we have endorsed The Gori Law Firm for a Veteran or person who had heavy exposure to asbestos prior to 1982-and who now has lung cancer is- every year more families trust The Gori Law Firm when dealing with a loved one's asbestos cancer diagnosis than any other firm in the nation. For more information-please call The Gori Law Firm anytime at 866-532-2106." <https://GoriLaw.Com>
