

Energy Storage Market Growth Opportunities Led by E.ON Energy Services, Ameresco and Orion Energy Systems

NEW YORK CITY, NEW YORK, UNITED STATES, December 19, 2022
/EINPresswire.com/ -- Introduction:
Energy Storage Market

The energy storage market has been experiencing substantial growth in recent years. This is due to the increasing need for reliable, clean, and affordable energy sources. The market seeks to supply a variety of emerging technologies that can store energy, such as batteries and fuel cells. As

more countries move towards renewable energy sources like solar and wind power, it is increasingly important to have an efficient way to store excess renewable energy for future use.

The global energy storage market is expected to grow at a compound annual growth rate (CAGR) of 22.1% from 2020-2025. This growth is driven by increasing demand from utilities, governments, and businesses seeking ways to reduce their environmental footprint while improving the reliability of their existing power grid infrastructure. Moreover, government initiatives are helping accelerate the uptake of these technologies across different industries worldwide.
