> *Founder and CEO, Evren Ozkaya, Ph.D.*

SCW.AI underwent a broad and rigorous evaluation which included the quality management system, covering the principles of customer focus, leadership, engagement of people, process approach, improvement, evidence-based decision making, and relationship management. In addition, the evaluation also covered the information security management system which is integrated with all the processes and overall management structure and is considered in the design of processes, information systems, and controls.

The team successfully demonstrated their commitment to quality in the services provided and

the dedication to continuous improvement in the effectiveness of the implemented processes and management systems. This achievement is the work of the entire SCW.AI team who internalized our core values, by being People-centered, Quality-obsessed, Long-term-focused, Impact-driven and Fact-based to make this happen.

Evren Ozkaya, Ph.D., Founder & CEO:
"This prestigious certification demonstrates and acknowledges that SCW.AI meets the highest standards for quality and information security in our products & services. We are committed to continuous improvement and development of our operations for obtaining and maintaining ISO 9001 and ISO/IEC 27001. I would like to thank all employees for their ongoing dedication in helping SCW.AI qualify for such important recognitions."

Zeynep Aktan, Vice President of Quality and Compliance added:
"These certifications not only confirm that our processes comply with the quality and information security requirements, but also indicate the integrity and sustainability of how we operate on a daily basis."
