EINPresswire.com/ -- Veteran Ted Fox opened his doors to the public with the launch of Scooter's Garage. This Lancaster, Texas based garage specializes in restoring classic cars to their original glory and even performs high end modifications. Scooter's Garage uses high end diagnostic equipment to plug in and assess a car's performance.

Ted Fox, Owner Scooter's Garage

Ted Fox always had an interest in cars. Relatives would show him the basics of auto maintenance and repair. This would develop into a lifelong passion that became a career. After serving in the Marine Corps, Ted returned to Texas and launched Scooter's Garage. He enjoys the challenge of an "unfixable" car and restoring it back to life. Scooter's Garage has had many customer success stories including a classic car that a woman had owned her entire life.

“

Scooter's Garage is where you can bring your "unfixable" car and watch us bring it back with more horsepower, a new body, and the best performance possible.”
