

Oasis Announces Partnership with eDiscovery Today

Oasis and eDiscovery Today to collaborate in providing value to the eDiscovery community through expert-level resources.

HOUSTON, TX, UNITED STATES,
December 20, 2022 /

EINPresswire.com/ -- [Oasis](#), an eDiscovery and infrastructure solutions provider, is pleased to announce a partnership with Doug Austin's [eDiscovery Today](#) blog, the only daily blog for electronic discovery, information governance, cyber security and data privacy trends, best practices, and case law.

Oasis holds a unique position in the industry, serving a niche partner base that includes service providers. Through its experience, Oasis has established itself as a trusted source for technology-agnostic information, eDiscovery best practices, and custom solutions.

“

Partnering with eDiscovery Today helps Oasis expand our reach within the eDiscovery community to share our collaborative expertise even further.”

Sal Dababneh, Oasis COO

The partnership enables Oasis and eDiscovery Today to collaborate in providing value to the eDiscovery community through expert-level resources regarding eDiscovery, cloud, and cyber security.

“At Oasis, we thrive on challenging conventional ideas to create solutions to complex issues we and our partners

face each day. Partnering with eDiscovery Today helps us expand our reach within the eDiscovery community to share our collaborative expertise even further,” said Sal Dababneh, Oasis COO.

“Many cloud and eDiscovery solutions aren’t tailored to the needs of the customers using them”

said Doug Austin, Editor of eDiscovery Today. "I'm excited to get the opportunity to work with the Oasis team to educate the legal community on the advantages of custom solutions to maximize the benefits of technology to address eDiscovery, cybersecurity and compliance needs!"

About eDiscovery Today

Authored and edited by industry expert Doug Austin, eDiscovery Today is the only daily go-to resource for eDiscovery and eDisclosure professionals seeking to keep up with trends, best practices and case law in electronic discovery, information governance, cyber security and data privacy. Doug has over 30 years of experience as an industry thought leader providing eDiscovery best practices, legal technology consulting, software product management and technical project management services for numerous commercial and government clients.

In addition, Doug has provided fresh educational content through his blogging to the legal technology community every business day for twelve years containing case abstracts, conference reviews, industry happenings, leadership interviews and more.
