communications, E23 was founded to satisfy a need: Comfort, Luxury, and Happiness.

E23 uses technology to provide timely logistics and improve the retail customer experience through its scan and shop policy.

Airport quick commerce

E23 allows customers to not carry items in their luggage or have problems at security checks.

Priority Pass surveyed 1700 Brits and found that 49% of travelers think the most stressful part of the airport is going through security and 47% think waiting to transfer.

With over 42 years of combined experience in aviation, technology, design, entrepreneurship and

Reducing the hassle associated with travel has always been a key focus for E23, which is consistently driven by creating world-changing experiences through the use of digital technology.

E23 enables everyone (retailers and travelers) to fulfill their desires.
