

# New Player in the Compliance as a Service Market

*CyberVault is a new virtual data room solution that provides affordable security and online data storage, management, and collaboration solutions to SMEs.*

NEW HAMPSHIRE, UNITED STATES,  
December 20, 2022 /

EINPresswire.com/ -- The launching of a new, affordable data room solution is underway. The SME market has been underserved with this type of service and Cyber Vault is here to change that. Companies that are in need of a quality document security and compliance software, but don't need the large-scale capabilities of an enterprise solution, can find an answer with [CyberVault](#) . This solution is for businesses that, until now, have not been able to afford the confidentiality and superior features required to meet 21st-century cyber-security needs.

The Team at CyberVault has over 15 years of experience providing leading-edge online secure data room solutions since 2007. They proudly provide the first-to-market capability of true secure file collaboration & messaging for the compliance environment. The technology has been awarded 6 active patents & the DDTC has reviewed & approved the solution for ITAR compliance. The platform either meets or exceeds government regulations and industry best practices for the unique cybersecurity needs of today's companies.

“

Holding security and compliance to a higher standard is what CyberVault is all about.”

*William O'Brien, CEO of  
CyberVault*
