“

I will always give this away for FREE. Because every person that quits is like a big middle finger to the tobacco industry”

Wayne Money

Wayne's number one goal is to help as many people as possible free themselves from smoking.

Smoking plagues the whole world. But here in the United States it is the leading cause of death each year.

It causes all our insurance rates to be higher even when you're a non-smoker.

Cigarettes kill more people each year than automobile accidents, and guns. Yet, we will try to outlaw guns, and allow cigarettes to continue to be sold.

Wayne spent many years addicted to cigarettes. He says the only reason he is free is that he found hypnotherapy.
