Users will never be late to know what their kids or employees are doing on their phones or laptops!

Child abuse is always around during holidays, especially Christmas. It is a severe issue that could destroy families. The holidays are a time of year when abuse is an eminent issue. Children can be neglected during the New Year and Christmas, both in and outside the household. Sixty-seven percent of child sexual abuse cases occur during Christmas, so parents must take enough precautions.

In most cases, children neglected and abused during this holiday season are often under the age of nine. Most of these cases involve incidents reported by a parent or witnessed the event. Thus, if child abuse is committed against a young child by someone close, parents may believe it is okay to make excuses for them since it's usually "normal" for children and close relatives to show physical affection toward each other. However, this does not mean that child neglect and abuse should be celebrated at any time during the year, specifically around Christmastime.

As Christmas and New Year are just around the corner, this is a great time to buy the best cell phone spy software to save your child from abuse. It offers up to 75% off on its advanced monitoring features for this festive season. TheOneSpy iOS and Android surveillance software include many features to help users get more monitored data from kids' devices.

TheOneSpy is specialized parental monitoring software that offers extensive spy functionality to bring peace of mind online and offline on Christmas. It provides the exact amount of monitoring features users need for their child protection online and in real life. TheOneSpy is a service that allows parents to monitor their children's online activity. At 75% OFF, TheOneSpy is the best deal online on parental monitoring software.

TOS is a feature-rich [parental control](#) service that provides several monitoring plans to protect children and adults. The monitoring features include GPS tracking, call recording, SMS history

logging, and more. Interested customers can benefit from a 75% off deal on extended and premium plans.

Several families may be affected by child abuse during the holidays. This is because of the usage of alcohol and other drugs by adults. Therefore, parents do not neglect the safety of their kids and install TheOneSpy into kids' devices to keep updated about their kids' activities. TheOneSpy can help users monitor their child's surroundings using the camera spy feature. TheOneSpy is the monitoring app that provides users with the best version of its every feature. The app operates in the backend on the kid's device and starts monitoring every activity. Users can check their messages, VoIP calls, and social media. While tracking messages, users can also know what kid wants on Christmas as a gift and surprise them on Christmas.
