The key highlights of the report include:

Market Overview (2017-2027)

Forecast CAGR (2022-2027): 1%

Tree nuts are majorly consumed as whole foods, and as ingredients in various foods. In this regard, the thriving food industry owing to the increasing population and rising standards of living are likely to drive the market. In addition to this, the increasing awareness about the remarkable health benefits offered by the product is likely to be a major propelling factor in the forecast period.

Moreover, the increasing application of tree nuts such as cashews and almonds in the preparation of curries and desserts is anticipated to provide impetus to the market. Geographically, the Asia Pacific accounts for a significant share in the market owing to the rising population in India and China. Hence, the increasing consumption of food in the region is anticipated to boost the market growth.

Tree Nuts Industry Definition and Major Segments

Tree nut is defined as an edible dried fruit or seed of woody plants which can be consumed in both raw and processed forms. Tree nut is a good source of dietary fibre, unsaturated fats, and essential vitamins and minerals. Moreover, tree nuts consist of high quantity of triacylglycerols, but differ significantly on the basis of their lipid class and composition of fatty acids.

On the basis of product, the market can be segmented into:

- Almonds
- Pistachios
- Walnuts
- Cashews
- Others

The regional markets for tree nuts include:

- North America
- Europe
- Asia Pacific
- Latin America
- Middle East and Africa

Tree Nuts Market Trends

The key trends in the tree nuts market include the increasing prevalence of lifestyle-related disorders due to improper nutrition. In this regard, the high nutritional value of cashews, and walnuts, among others, are providing impetus to the market growth. Meanwhile, the rising demand for almonds for ayurvedic and nutraceutical preparations is likely to be another key trend in the market.

Moreover, the growing expansion of the e-commerce industry, coupled with the changing preference of consumers towards online purchasing of food items, is anticipated to accelerate

the demand for products that contain tree nuts in the forecast period. Furthermore, the growing awareness about the benefits of raw consumption of tree nuts is likely to offer lucrative opportunities to the market in the coming years.

Key Market Players

The major players in the market are Archer Daniels Midland Company, Blue Diamond Growers, Mariani Nut Co., Olam International Ltd., and Select Harvests Limited, among others. The report covers the market shares, capacities, plant turnarounds, expansions, investments and mergers and acquisitions, among other latest developments of these market players.
