

# Corrugated Equipment Market is Expected to Witness Growth at a CAGR of 6.2% During the Forecast Period of 2022 to 2029

*The corrugated equipment market is expected to reach USD 48.1 million by 2029.*

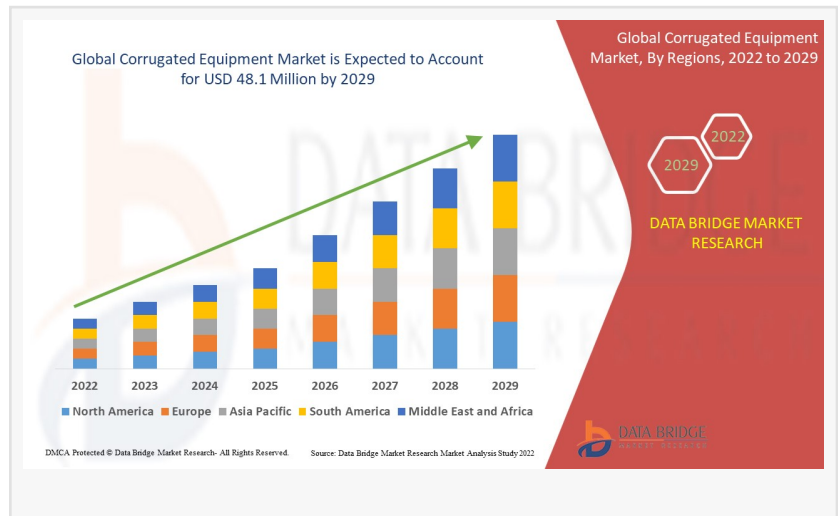

PUNE, MAHARASHTRA, INDIA,  
December 21, 2022 /

EINPresswire.com/ -- [Corrugated Equipment Market](#) research report execution is becoming very vital for the businesses to gain success because it offers many benefits including insights into revenue growth and sustainability initiative. The large scale Corrugated

Equipment Market research report is an absolute overview of the market that takes into account various aspects of product definition, market segmentation based on various parameters, and the established merchant landscape. This industry report also offers businesses with the company profile, product specifications, production value, manufacturer's contact information and market shares for company. Moreover, Corrugated Equipment Market business report blends together all-inclusive industry analysis with particular estimates and forecasts to provide complete research solutions with greatest clarity for strategic decision making.

Due to the potential of SWOT analysis and Porter's Five Forces analysis in generating market research report, they are preferred by the businesses and hence also used while making an excellent Corrugated Equipment Market report. Market drivers and market restraints explained in this report provides idea about the rise or fall in the consumer demand for the particular product depending on several factors. In addition, this market report also gives top to bottom assessment of the market with respect to income and developing business sector. Thus, the world class Corrugated Equipment Market report endows with in-depth market analysis to thrive in this competitive environment.

The corrugated equipment market is expected to witness market growth at a rate of 6.2% in the forecast period of 2022 to 2029 and is expected to reach USD 48.1 million by 2029. Data Bridge Market Research report on corrugated equipment market provides analysis and insights

regarding the various factors expected to be prevalent throughout the forecast period while providing their impacts on the market's growth. The rise in the sustainable packaging industry is escalating the growth of corrugated equipment market.

#### COMPETITIVE LANDSCAPE AND [CORRUGATED EQUIPMENT MARKET SHARE ANALYSIS](#)

The corrugated equipment market competitive landscape provides details by a competitor. Details included are company overview, company financials, revenue generated, market potential, investment in research and development, new market initiatives, global presence, production sites and facilities, production capacities, company strengths and weaknesses, product launch, product width and breadth, application dominance. The above data points provided are only related to the companies' focus related to the corrugated equipment market.

Some of the major players operating in the corrugated equipment market are BOBST, BARRY-WEHMILLER COMPANIES, Heidelberger Druckmaschinen AG, OMET, Mark Andy Inc., Wolverine Flexographic LLC, Edale., MPS Systems B.V., Rotatek., Star Flex International., BHS Corrugated Maschinen- und Anlagenbau GmbH, Simon Corrugated Machinery Ltd., SUN Automation Group., WALCO Enterprises., Oppliger S.r.l., Langley Holdings plc, Automatan, EMBA, and MITSUBISHI HEAVY INDUSTRIES MACHINERY SYSTEMS, LTD., among others.

A corrugator, which is also referred to as corrugation equipment, is a piece of machinery that combines three, five, or seven sheets of paper in an incessant process to create a single, double, or triple wall board. Corrugated boxes are a general sight in daily life. It offers an easy-to-use and renewable source of packaging for almost all goods. Corrugated cardboard is an item that is utilized often and also on a regular basis. Corrugated paperboard containers are also frequently applied in both industrial and consumer products packaging.

Major factors that are expected to boost the growth of the corrugated equipment market in the forecast period are the improved packaging and the advancement of businesses that sell cosmetics, soaps, car parts, crockery, glassware, pharmaceuticals, and biscuits and the growing penetration of paper and paperboard products. Furthermore, the rise in the demand for green packaging is further anticipated to propel the growth of the corrugated equipment market. Moreover, the growing adoption of automated machines that can be utilized for a variation of paperboard substrates with ease-of-operation and high versatility, particularly for relatively long printing runs on paperboard surfaces is further estimated to cushion the growth of the corrugated equipment market. On the other hand, the end user industries continuously demand world-class technologies and are expecting higher proficiency and return of investment from the industrial equipment which is further projected to impede the growth of the corrugated equipment market in the timeline period.

## GLOBAL CORRUGATED EQUIPMENT MARKET SCOPE AND MARKET SIZE

The corrugated equipment market is segmented on the basis of equipment and industry. The growth amongst the different segments helps you in attaining the knowledge related to the different growth factors expected to be prevalent throughout the market and formulate different strategies to help identify core application areas and the difference in your target markets.

On the basis of equipment, the corrugated equipment market is segmented into non-HQ flexo, HQ flexo, sheet-to-sheet litho-laminators, web-to-web litho-laminators, web-to-sheet litho-laminators. Non-HQ Flexo is further sub segmented into flat-bed die cutter, rotary die cutter and folding gluing. HQ Flexo is further sub segmented into flat-bed die cutter, rotary die cutter and folding gluing. Web-to-web litho-laminators is further sub segmented into online and offline. Web-to-sheet litho-laminators is further sub segmented into online and offline.

On the basis of industry, the corrugated equipment market is segmented into food and beverages, electrical and electronics, home and personal care, textile, paper and pulp, pharmaceuticals.

## CORRUGATED EQUIPMENT MARKET COUNTRY LEVEL ANALYSIS

The corrugated equipment market is analysed, and market size, volume information is provided by country, equipment and industry as referenced above. The countries covered in the corrugated equipment market report are the U.S., Canada and Mexico in North America, Germany, France, U.K., Netherlands, Switzerland, Belgium, Russia, Italy, Spain, Turkey, Rest of Europe in Europe, China, Japan, India, South Korea, Singapore, Malaysia, Australia, Thailand, Indonesia, Philippines, Rest of Asia-Pacific (APAC) in the Asia-Pacific (APAC), Saudi Arabia, U.A.E, Israel, Egypt, South Africa, Rest of Middle East and Africa (M.E.A.) as a part of Middle East and Africa (M.E.A.), Brazil, Argentina and Rest of South America as part of South America.

Europe dominate the corrugated equipment market due to the rise in the demand for ready-to-eat packaged food items. Furthermore, the sturdy development of the e-commerce industry and growing popularity of consumers encouraging environmentally sustainable packaging will further boost the growth of the corrugated equipment market in the region during the forecast period.

The country section of the report also provides individual market impacting factors and changes in regulation in the market domestically that impact the current and future trends of the market. Data points such as consumption volumes, production sites, and volumes, import-export analysis, price trend analysis, cost of raw materials, downstream and upstream value chain analysis are some of the major pointers used to forecast the market scenario for individual countries. Also, the presence and availability of global brands and their challenges faced due to large or scarce competition from local and domestic brands, the impact of domestic tariffs, and

trade routes are considered while providing forecast analysis of the country data.

#### Major Points Covered in TOC:

**Corrugated Equipment Market Overview:** It incorporates six sections, research scope, significant makers covered, market fragments by type, Corrugated Equipment market portions by application, study goals, and years considered.

**Corrugated Equipment Market Landscape:** Here, the opposition in the Worldwide Corrugated Equipment Market is dissected, by value, income, deals, and piece of the pie by organization, market rate, cutthroat circumstances Landscape, and most recent patterns, consolidation, development, obtaining, and portions of the overall industry of top organizations.

**Corrugated Equipment Profiles of Manufacturers:** Here, driving players of the worldwide Corrugated Equipment market are considered dependent on deals region, key items, net edge, income, cost, and creation.

**Corrugated Equipment Market Status and Outlook by Region:** In this segment, the report examines about net edge, deals, income, creation, portion of the overall industry, CAGR, and market size by locale. Here, the worldwide Corrugated Equipment Market is profoundly examined based on areas and nations like North America, Europe, China, India, Japan, and the MEA.

**Corrugated Equipment Application or End User:** This segment of the exploration study shows how extraordinary end-client/application sections add to the worldwide Corrugated Equipment Market.

**Corrugated Equipment Market Forecast: Production Side:** In this piece of the report, the creators have zeroed in on creation and creation esteem conjecture, key makers gauge, and creation and creation esteem estimate by type.

**Corrugated Equipment Research Findings and Conclusion:** This is one of the last segments of the report where the discoveries of the investigators and the finish of the exploration study are given.

#### Reasons for buying this report:

Analysing the outlook of the Corrugated Equipment market with the recent trends and Porter's five forces analysis

To study current and future market outlook in the developed and emerging markets  
Corrugated Equipment Market dynamics scenario, along with growth opportunities of the market in the years to come

Corrugated Equipment Market segmentation analysis including qualitative and quantitative research incorporating the impact of economic and non-economic aspects

Regional and country level analysis integrating the demand and supply forces that are influencing the growth of the market.

Corrugated Equipment Market value (USD Million) and volume (Units Million) data for each segment and sub-segment

Distribution Channel Sales Analysis by Value

Competitive landscape involving the Corrugated Equipment market share of major players, along with the new product launch and strategies adopted by players in the past five years

Comprehensive company profiles covering the product offerings, key financial information, recent developments, SWOT analysis, and strategy employed by the major market players
