Comparably, a site where employees can rate their companies, just published its annual rankings of the places that are highly ranked for their company culture based on worker responses. This distinction is segmented into two ranked lists: Top 100 Large companies (more than 500 employees) and Top 100 Small/Mid-Size companies (500 employees or fewer).

To create the Best CEO lists, Diversity list and Best Company Culture lists the company used anonymous workers' ratings and responses from around the end of November 2021 to about the end of November this year. Responses from several questions, such as about the work environment, mentorship and the direction of the organization were used to find the most highly rated companies for their CEO.
