

Automotive Headliner Market worth \$21.8 Billion by 2026 at a growth rate of 5.6% - IndustryARC

*Automotive Headliner Market Drivers
Growing Advancements towards
Development of Sustainable/Eco-Friendly
Materials for Automotive Applications*

HYDERABAD, TELANGANA, INDIA,
December 22, 2022 /

EINPresswire.com/ -- IndustryARC, in its latest report, predicts that [Automotive Headliner Market](#) size is forecast to reach \$21.8 billion by 2026, growing at a CAGR of 5.6% from 2021 to 2026.

Rising demand for passenger vehicles, stringent government regulations or initiatives towards promoting the use of lightweight designed auto parts along with growing demand for advanced and high-quality interior design or styling within vehicles have been attributing the growth of automotive headliner market. Growing advancements towards development of sustainable/Eco-friendly materials for automotive applications along with increasing investments in electric vehicle development is also set to raise the demand for automotive headliners in the long run. Moreover, rising shift towards improving vehicle interior cabin appearances while maximizing passenger comfort, increasing demand for luxury or premium vehicles along with investments on autonomous vehicles overtime will further drive the demand for automotive roof headliners in the coming years. The report offers a complete analysis of the market, its major segments, growth factors, trends, drivers and challengers, key players and more.
