

# The Secret Solution for Living with Myopia

*One OOptic lens system saves you six pairs of expensive custom lenses and fits to your sunglasses, goggles, protective eyewear and many more.*

NEW YORK CITY, NEW YORK, UNITED STATES, January 20, 2023

/EINPresswire.com/ -- International Myopia Institute

[\(https://myopiainstitute.org/myopia/\)](https://myopiainstitute.org/myopia/) recently quoted 30% of the world population are living with myopia and projected 50% of world population will be myopic by 2050, that is 5 billion people! Although there are remedies for myopia, it is not for everyone, and this will not go away anytime soon.

This means myopic must adapt to enjoy their quality of life. Best solution, myopic will need prescription lens for work, to jog, to scuba dive, to ski, enjoy nature or for their favorite game on their VR goggles and more. So, they need a bunch of eyewear. How many prescriptions lens do they need? Only 1, ooptic.com

This revolution product gives myopic the freedom to choose what they wear anytime, anyplace. Now myopic can just use this universal magnetic adhesive prescription lens that fits into their pocket and most importantly fit practically any eyewear of their choice for instant prescription alternative.

Ooptic lens allows myopic to install tiny magnets to any eyewear to attach their light weight (1g), scratch resistant, blue light protection lens to any eyewear. Rental eyewear? No problem just removes the magnets before return it. Ooptic specially formulated adhesive would not even leave a mark.

Expensive custom prescription lens inserts? Yes, if myopic need to buy a bunch of them. Try out

The advertisement features a central image of a woman's face wearing a pair of glasses. To the right of her face is a vertical stack of six circular icons, each showing a different activity: a person scuba diving, a person wearing safety goggles, a person wearing VR goggles, a person wearing sunglasses, a person wearing a cap and goggles, and a person wearing a cap and goggles. Below the woman's face is a close-up of the OOptic lens, which is a small, rectangular, textured lens with the OOptic.com logo. The text '1 OOptic for all your favourite activities' is written in a stylized font. The OOptic.com logo is also visible in the top left corner of the advertisement. A QR code is located in the bottom right corner. The text 'Universal Magnetic Adhesive Prescription Lens' is written below the QR code, and 'One lens for all' is written below that.
