Michelle Lovett is an award-winning actor, writer, curator coach, publisher, 4X [best-selling author](#), and creator of the series "Life, Love, & Lock." A Florida City native, Lovett has defied the odds since birth. Being born prematurely with a hole in her heart and asthma, doctors said she would not live 72 hours. As an adult with many major health challenges, doctors gave her only six months to live. Years later, she is still proving the doctors wrong. Lovett says, "God made me a general, so I'm good by myself, but I realized we are a force when we win together. We don't compete, we complete each other."
