/EINPresswire.com/ -- Developed as a product with years of research and development, the Equator 82 Series [Dishwasher](#) has recently become one of the company's best sellers. Available in three distinct colors (white, black, and stainless), coordinating to one's kitchen space is a breeze. On top of its exterior appeal, the 82 Series is lauded for its premium features that make cleaning dishes a breeze.

"We're thrilled to see how much our customers love the [14 Place Dishwasher](#)," said Nick Mathews of Equator Advanced Appliances. "Our team invested countless hours into building a dishwasher that would tackle every pain point experienced by consumers, while also adding top-tier features that elevate the overall cleaning experience."
