

# Tattoo Vanish Method Continues to Offer Non-Laser Tattoo Removal Training to Non-Experienced Tattoo Artists

*One of the nation's leading tattoo removal companies offers training to non-experienced tattoo artists.*

HIALEAH, FLORIDA, UNITED STATES, December 29, 2022 /EINPresswire.com/ -- Representatives with Miami-based [Tattoo Vanish Method, LLC](#) announced today that it continues to offer two-day, non-[laser tattoo removal](#) training to non-experienced tattoo artists.

"Everyone is welcome to join," said Barbara Gonzalez, spokesperson for Tattoo Vanish Method LLC. "This training includes virtual training; 2-day hands-on training, tattoo removal machine, power supply, foot pedal, and Tattoo Vanish product."

Barbara stressed that becoming a tattoo removal technician is a great way to expand anyone's career or to start a new career path.

Today, there are more than 20,000 tattoo shops in the United States, and a four out of 10 adults between the ages of 18 and 69 have at least one tattoo. That's 45 million Americans with tattoos. However, many people regret getting their tattoo.

According to a survey conducted by YouGov, almost a quarter of Americans who have tattoos regret at least one of them. This means that, while most people don't regret their tattoos, there are still plenty of people who do, and as more and more people get tattooed, there will be more and more people regretting them and looking to get them removed.

"Unfortunately though, not all tattoo removal methods are made equal," Barbara said. "The fact of the matter is that, with many of them, you just won't get the results you want or expect. However, there's one tattoo removal method. However, that rises above the rest — the Tattoo Vanish Method."

The Tattoo Vanish Method, according to Barbara, is a completely unique, all-natural method for removing tattoos, and best of all, it gets the job done effectively and in fewer treatments than

laser tattoo removal, and for a more affordable price.
