In the spring of 2020 Reviving Dayvid released their debut single "ON THE EDGE", which quickly grabbed attention at radio, instantly climbing the Contemporary Christian Charts peaking at number five. "When I think about music, the first thought that comes to mind is not just being able to hear a song but to "FEEL" it." States Lead vocalist David Ryan Wynne. "Often our lives are just a series of lyrics, melodies, and music. The lyrics tell a story and when combined with the music it allows you to feel something stirring up in your soul. Strings are lengths of flexible material that are

held under tension by a musical instrument so that they can vibrate freely but controllably. Our own lives are frequently just a long song with lyrics, melodies, and music. Having stated that, life sometimes finds a way to add "stress" to our present circumstance. You need a certain balance of tension to keep things going in the right direction per se, just like anything else in our lives. It is crucial to be adaptable like strings, to be free to "Open Up," and to share our experiences while maintaining the right level of restraint."

Reviving Dayvid vision is to reach the burdened, the broken-hearted, the hopeless, and lost through the power of music. With God's direction, and their love for others the group hopes their vision of PURPOSE, PASSION, and PEOPLE will encourage others on their journey.

Reviving Dayvid invites you to sit back and let the lyrics and the music move you to be "OPENED UP -(Strings Remix)."
