Over the last decade, the team has repaired, replaced, and installed many roofing systems in the local community. "We're proud to be celebrating ten years in business. It's been a long road to get where we are, but we made it! I couldn't have done it without my faithful team of contractors and, of course, our valued customers", said Will Stanley, owner and GAF-certified roofer of Worcester Roofing Pros.

[Roof repair](#) is the company's flagship service. The contractors offer personalized roof repair for commercial and residential buildings, like crack and leak patching, shingle [roof replacement](#), and chimney assessments. Should a roof require replacement, the team is always upfront and honest with the customer.

Todd J., a roofer for the company, had this to say, "Working for Will has been a true blessing in my life. He is a man of integrity. I've never seen him not give 110% dedication to every job that we take on. When a customer's roof is beyond repair, he'll be honest with them and recommend replacement services. I'm proud to celebrate ten years of incredible service."

"We want to show our customers what we have available. So many folks, for example, think traditional asphalt shingles are weak and boring. We're here to show them the new and improved version", said Mr. Stanely.

There are so many reasons the company should be celebrating, and 100% customer retention is one of them. Over the years, they've added many clients to the Worcester Roofing Pros family and have managed to keep all of them.
