In 2022, Thrive HR also added Career Transition Services, Counsel & On-demand Management for Executive Teams, and Mentor Relations for employees in partnership with Engage Mentoring. Co-founders Jason Walker and Rey Ramirez spoke at nine industry conferences.

The employment market continues to operate in a state of unpredictable evolution. Unemployment rose to 3.7% in December, the highest level in ten months, signaling that the growing reports of widespread layoffs hitting technology firms and some of the nation's biggest corporations [could be leading to a sustained decline in the labor market](#). Rising interest rates in 2022 coupled with supply chain issues, labor shortages for skilled positions, the debate over remote work and deglobalization, all created an urgent need for new and effective talent solutions.

Industry veterans Rey Ramirez and Jason Walker launched Thrive HR Consulting to offer their many collective years of expertise and hard-won skills to enterprises in the changing world of work. Thrive HR assists organizations with needs ranging from HR M&A Integration and

Divestiture and Talent Acquisition to HR Operations. With the addition of Billy Kearney, Director, Global Safety and Physical Security, Thrive HR has expanded their service offerings into Business Continuity and Crisis/Disaster Management.

Thrive HR Consulting has added to its client roster companies such as Merative, Developing World Markets, Cohesity, Parsons, United Malt, riverbed, Riverbed, DTEN, Tax Saving Professionals, Lockedin Logistics, ABIOMED, Nextnav, Ecobat Technologies, Bastian Zero, and Bigger Pockets, among others, are also in Thrive HR's portfolio.

"We are excited that we have obtained new clients this year and we have had our existing clients come back to us for multiple projects. Our referral network has been terrific, and to see clients ask us to do more for them is indicative of the world class work we are doing at Thrive HR," said Jason Walker, Co-founder of Thrive HR Consulting.

Rey Ramirez, Co-founder at Thrive HR Consulting, said: "For a recent client, we integrated a new French acquisition. We completed a full market pay review, developed contract addendums, developed recommended increases to base pay and bonus plans, upgraded benefit programs and communicated a new equity program which focused the clients efforts to retain and engage talent."
