

# PeakPTT® To Showcase Push To Talk Radios at the 2023 World Of Concrete Exposition

*Peak PTT, is showcasing its Push-To-Talk Radios in Booth #C7081 at the World Of Concrete Exposition, Las Vegas Convention Center on January 17-19th 2023.*

LAS VEGAS, NV, USA, January 11, 2023 /EINPresswire.com/ -- [Peak PTT](#), the [Push-To-Talk](#) experts for business, is showcasing its Push-To-Talk (PTT) System featuring its complete line-up of advanced Push-To-Talk Over Cellular (PTToC) & Wifi devices in Booth #C7081 (Central Hall) within the Work Truck Live area at the World Of Concrete Exposition, being held at the Las Vegas Convention Center on January 17-19th 2023.

Peak PTT offers cutting-edge Push-To-Talk radios that transform how commercial construction businesses communicate. As easy to operate as a walkie-talkie, Peak Push-To-Talk devices are rugged, provide Nationwide coverage, and are a fraction of the cost of traditional 2-way radio systems.

Designed for the construction professional, the Push-To-Talk Platform offers high availability, low latency Push-To-Talk communications for both small and large groups. The system features rugged Push To Talk Devices, secure PC dispatching & monitoring software, as well as Android and iPhone apps.

The benefits of Peak Push-To-Talk for business include:

PeakPTT

PTT-624G

Instant Always-On Immediate Communication  
Zero Missed Phone Calls  
A Better, Faster Way To Communicate With Your Team  
Location awareness via built-in GPS tracking

No programming is required. Radios arrive ready to use out of the box. Users turn them on and begin to use them.

The PeakPTT dispatch console features instant voice communication, on-demand location tracking, embedded recordings, and emergency event management.

"We are excited as we move forward with providing our latest products and services to construction professionals," explained George Karonis, CEO of Peak PTT. "Our Push To Talk services offer a modern cost-effective solution that provides instant always-on communication for teams and companies."

PeakPTT 84G
