key companies profiled in this research study are:

- Cleveron
- DeBourgh
- KEBA
- Package Nexus
- Patterson Pope
- Smartbox Ecommerce Solutions Private Limited
- Snail Inc.
- TZ Limited

The companies are focused on adopting organic growth strategies such as product launches and expansions to sustain their position in the dynamic market. For instance, in 2020, Cleveron announced that by the end of 2020, parcel lockers would be installed in every village and town. Villagers have a variety of delivery choices, including drive-in collection, courier services, BOPIS, and outdoor package lockers located across the region.

The rise of e-commerce across the region has led to a significant increase in the number of parcel volumes, which is driving the smart parcel delivery locker market. In October 2020, Pitney Bowes—a technology company and a provider of commerce solutions—reported that in 2019, the global parcel volume surpassed 100 billion for the first time, with a growth of 17.7%. The growth of the e-commerce industry and surge in parcel volume are propelling the adoption of

advanced technologies to provide reliable and secure services to customers. There is rapid popularity of e-commerce lockers in highly populated localities for easy access to customers. Companies can deliver the goods to e-commerce lockers, which customers can receive using the password sent by e-commerce companies.

North America Smart Parcel Delivery Locker Market Segmentation:

North America Smart Parcel Delivery Locker Market - By Type:

- Standard Smart Locker
- Temperature Controlled Smart Locker

North America Smart Parcel Delivery Locker Market - By Component:
